INTRODUCTION

This publication provides information collected through the Secondary School September Reports, on the main categories of scheduling patterns by division for each school. Schools are listed within board, within county, and within region. The frequency of each scheduling pattern is given at board, county, regional, and provincial levels.

The data on scheduling patterns in Roman Catholic secondary schools were collected for the first time in September 1985. These data are presented in Section 2 of this publication.

The four categories of scheduling patterns are defined as follows:

1. Full credit, Full year - This category refers to courses of full credit value scheduled throughout a school year.
2. Full credit, Half-year - This category refers to courses of full credit value scheduled for one-half of a school year.
3. One-half credit, Half-year - This category refers to courses having a value of one-half credit scheduled for one-half of a school year.
4. One-third credit, Trimester - This category refers to courses of one-third credit value scheduled for one-third of a school year.

All other scheduling patterns (e.g., One-half credit, Trimester; Two credits, Trimester, etc.) are listed in the category designated "Other". Combinations of any of the above are included in this category.

Le présent document porte sur les principaux modes d'organisation de l'année scolaire employés dans les écoles secondaires, d'après les différents cycles scolaires. Les renseignements qu'il contient proviennent des rapports de septembre des écoles secondaires. Les listes d'écoles sont publiées par conseil scolaire, comté et région. La fréquence de chaque mode d'organisation de l'année scolaire est donnée à l'échelle des conseils scolaires, des comtés, des régions et de la province.

Les données sur les modes d'organisation de l'année scolaire dans les écoles secondaires catholiques (section 2) ont été réunies pour la première fois en 1985.

Les quatre grandes catégories de modes d'organisation de l'année scolaire sont définies comme suit:

1. Un crédit, une année - Les cours de cette catégorie valent un crédit et sont répartis sur toute l'année scolaire.
2. Un crédit, un semestre - Les cours de cette catégorie valent un crédit et sont répartis sur la moitié de l'année scolaire.
3. Un demi-crédit, un semestre - Les cours de cette catégorie valent un demi-crédit et sont répartis sur la moitié de l'année scolaire.
4. Un tiers de crédit, un trimestre - Les cours de cette catégorie valent un tiers de credit et sont répartis sur un tiers de l'année scolaire.

Tous les autres modes d'organisation de l'année (ex. : un demi-crédit, un trimestre; deux crédits, un trimestre, etc.) sont classés dans la catégorie "Autres". Les combinaisons des modes mentionnés ci-dessus s'inscrivent dans cette catégorie.

SEPTEMBER 1986

SUMMARY

Four tables in section 1 provide a summary of information on scheduling patterns in public secondary schools. Data in Tables 1 and 2 show that the number of public secondary schools that chose to have semestered scheduling patterns is continously increasing. In 1981 slightly more than one quarter of all public secondary schools had semestered courses only compared to almost one half of schools in 1985. The most popular semestering pattern is Full credit, Half-year. In 1985, 343 public secondary schools reported having Full credit, Half-year pattern, 67 schools had One-half credit, Half-year and only 20 schools had One-third credit, Trimester. Schools might have different semestering patterns at different grade levels, therefore, a school may be reported in more than one scheduling category (Table 1).

Table 3 shows the distribution of schools by scheduling pattern by division. At the Grade 9 and 10 level, there were approximately the same number of schools with a traditional scheduling pattern (Full credit, Full year) and with the Full credit, Half-year semestering pattern. At the senior level, the Grades 11, 12 and at the Grade 13 level, more schools had the Full credit, Half-year semestering pattern than the traditional scheduling pattern. For example, at the Grade 13 level, 313 public secondary schools reported the Full credit, Half-year scheduling while 225 schools had the traditional scheduling.

RESUME

Les quatre tableaux de cette section résument les données recueillies sur les modes d'organisation de l'année scolaire dans les écoles secondaires publiques. D'après les tableaux 1 et 2, les écoles secondaires publiques choisissent de plus en plus le mode semestriel. En 1981, un peu plus du quart de toutes les écoles secondaires publiques dispensaient des cours répartis sur la moitié de l'année scolaire; en 1985, près de la moitié le faisait. Le mode semestriel «un crédit, un semestre» est le plus populaire. En 1985, 343 écoles secondaires publiques l'avaient adopté; 67 autres avaient choisi le mode «un demi-crédit, un semestre» et 20 seulement, le mode «un tiers de crédit, un trimestre». Dans une école donnée, le mode semestriel peut varier en fonction des niveaux d'études, ce qui signifie qu'une école peut figurer dans plus d'une catégorie de modes d'organisation (tableau 1).

Au tableau 3, les écoles sont réparties en fonction de leurs modes d'organisation selon le cycle. Au niveau de la 9^{e} et 10^{e} année, le mode traditionnel d'organisation «un crédit, une année» et le mode semestriel «un crédit, un semestre» se retrouvent dans approximativement le même nombre d'écoles. Au cycle supérieur, soit au niveau de la 11^{e}, 12^{e} et 13^{e} année, un plus grand nombre d'écoles avaient choisi le mode semestriel «un crédit, un semestre» plutôt que le mode traditionnel. Ainsi, au niveau de la 13^{e} année, 313 écoles secondaires publiques avaient adopté le mode «un crédit, un semestre», alors que 225 autres choisissaient le mode traditionnel.

(Continued on next page/
A suivre)

Table 4 presents the distribution of scheduling patterns by the size of the school. The distribution of scheduling patterns for small, medium and large schools are very similar. In each category approximately one-third of schools had traditional scheduling while the rest had either semestering or a combination of the traditional and semestered patterns.

Le tableau 4 présente les modes d'organisation de l'année scolaire en fonction de l'importance des écoles. Leur répartition est très similaire dans l'ensemble des écoles, qu'elles soient petites, moyennes ou grandes. Dans chacum de ces groupes, le tiers environ des écoles avait choisi le mode traditionnel, tandis que le reste avait adopté soit le mode semestriel soit une combinaison des modes traditionnel et semestriel.

ROMAN CATHOLIC SECONDARY SCHOOLS

RESEARCH AND INFORMATION BRANCH
STATISTICAL INFORMATION SERVICES
SEPTEMBER 1986

SUMMARY

On September 30, 1985 there were 128 Roman Catholic secondary schools in the province. Half of these schools were completely semestered, 48 (37.5 per cent) had a traditional (Full credit, Full year) scheduling only and 16 (12.5 per cent) had a Combination of these patterns. A full credit, half year pattern was the most popular semestering, it was reported by 70 schools.

Table 3 indicates that more schools had their courses scheduled in a traditional way at the Grades 9 and 10 than at the Grade 11 level. However, at both of those levels the number of semestered schools exceeded the number of traditional schools. It should be noted that a school may have more than one type of scheduling at different grade levels or even at the same grade level.

RESUME

Le 30 septembre 1985, la province comtait 128 écoles secondaires catholiques. La moitié de ces écoles avaient choisi uniquement le mode semestriel, 48 (37,5 pour cent), le mode traditionnnel «un crédit, une année» seulement et 16 (12,5 pour cent), une combinaison de ces modes. Le mode semestriel «un crédit, un semestre» était le plus populaire et 70 écoles l'avaient adopté.

D'après le tableau 3, un plus grand nombre d'écoles affraient, en 9^{e} et 10^{e} année, des cours s'inscrivant dans le mode traditionnel, par comparaison aux cours dispensés en 11^{e} année. Cependant, aux niveaux de la 9^{e} et 10^{e} année et de la 11^{e} année, un plus grand nombre d'écoles avaient choisi le mode semestriel plutôt que le mode traditionnel. Il faut noter qu'une école peut adopter plus d'un mode d'organisation aux différents niveaux d'études ou dans un même niveau d'études.
